

THE WRANGELL SENTINEL

VOL. XVII. NO. 36

WRANGELL, ALASKA, THURSDAY, AUGUST 29, 1918

PRICE TEN CENTS

CABLE NEWS

TODAY

PARIS — Wednesday night found French troops south of the Somme advanced six miles and captured forty villages. Americans repulsed numerous counter attacks and threw Germans back when they attempted to cross the Vesle south of Bazoches.

BRITISH HEADQUARTERS — First, third and fourth British armies are beating down German resistance with steady blows against them. All sorts of troops have been hurled into the battle south of the Scarpe as well as to the north. Ground is covered with large numbers of the German dead. Just south of the Scarpe, one place is carpeted with bodies in field gray.

SEATTLE — The following persons have sailed for Wrangell within the past 48 hours: Peter McGregor, Mrs. M. A. Ofcarski, Rose Ofcarski.

HELENA — Miss Jean Rankin badly defeated for Republican nomination for Senator by Lansfrom.

WITH AMERICAN ARMY ON VESLE — The Germans have recaptured Fismette on the bank of Vesle Ost Fismes. The fighting here and at Bazoches is marked by the greatest stubbornness. The Americans are holding part of Bazoches under heavy fire from Germans in surrounding hills.

LONDON — The capture of twenty-six thousand prisoners and a hundred guns by the British during the past week was announced in report received from Haig today.

WASHINGTON — Casualties 465; dead 108; missing 172.

FRENCH ARMY FIELD — Noyon occupied this morning by troops of General Humbert. Mangin's men crossed Oise river and took Morlin court. The French first army took Quesnoy wood just west of the canal. Dunord wood strongly fortified and from it the Germans endeavored to check the French pursuit. In the past 48 hours the A.H.D. advance has liberated over 50 villages.

PARIS — The Allies have won back over two thirds of the ground lost since the beginning of the German offensive March 21.

SAN FRANCISCO — Stevens won the republican nomination for governorship.

PARIS — The Spanish steamship Cruza was sunk by a German submarine.

PARIS — Temps received a report this morning that General Korniloff, many times reported dead, is still very much alive in Russia.

WASHINGTON — Nicaragua and Honduras averted their threatened armed clash by agreeing to request the U. S. to withdraw all troops from the borders, and submit the controversy to the United States.

Christian Science Lecture

Mr. John Randall Dunn C. S. of the Board of Lectureship of the First Church of Christ, Scientist, of Boston, Mass., will deliver a lecture on Christian Science at Juneau on September 5th or 6th and at Ketchikan on Sept. 12th.

REV. CORSER GOES EAST

While Away Will Deliver Several Illustrated Lectures on Alaska

Rev. H. H. Corser will take passage on the Princess Sophia Monday for Seattle where he and Canon Butcher of Juneau go as delegates from Alaska to attend the synod of the Eighth Province of the Episcopal church.

Following this Rev. Corser will proceed eastward to visit his parents in Pennsylvania. He will also visit other eastern states and expects to give a number of illustrated lectures en route, returning to Wrangell some time in November. During Rev. Corser's absence services will be held at St. Philip's church as usual.

On Sunday evening, September 8, a paper on the aims of labor in England will be read and on September 15 there will be readings from one of the late war books and a musical program.

Beginning September 22 and continuing until the rector returns, Canon Butcher will be in Wrangell to take change of the services.

RED CROSS NOTES

The regular meeting of the executive committee of the Wrangell chapter American Red Cross, will be held at the town hall, Tuesday evening, September 3, at 8 o'clock.

Josephine H. Mason, Secretary.

Chapters working on army dressings will be interested to know that with the completion of the present allotment there will be no more production of front line parcels for a time. Every effort should, therefore, be made to fill the allotment of army dressings exactly, making and shipping to Division Headquarters exactly the number of each article called for in the allotment. The Division and the National Red Cross are pledged to turn over just so many dressings at a definite time, and will have no use for any surplus. Any shortage will be serious. — Red Cross Bulletin.

Presbyterian Church

Hebrews 12:1,2. Are you in the race for eternal life? You are being watched by a great number of witnesses. What hinders the running? Drop it. Run. Run with patience. It is laid out for you.

Presbyterian church, Sunday evening. Come. And let all who will, come.

Harry Achison who has been connected with the Bank of Alaska at Wrangell for the past sixteen months has been transferred to the Cordova branch of the Bank of Alaska. Mr. Achison is a young man of many sterling qualities, and there is general regret at his leaving Wrangell. He leaves on the City of Seattle today for Skagway where he will spend a few days with his mother before continuing his journey to the Westward.

Local Board No. 8 received word Monday that all naval enlistments are closed for the present and F. Matheson, chairman of the board, had notices to that effect posted at the various business houses about town.

Word has reached Wrangell that a diphtheria quarantine is in force at Ft. Seward where a number of Wrangell men are stationed. Charles Moore of this place is reported to be in the hospital suffering from the malady.

PRICES FIXED FOR SALMON PACK TO THE DEALERS

PORTLAND — The United States Food Administration has approved the prices of Alaska canned salmon agreed upon at a recent conference here.

Any prices in excess of the following on this year's pack will be considered as unreasonable:

Tall cans, Alaska Reds, \$9.40 per case, four dozen.
Medium Reds, \$9.00.
Pinks, \$6.60.
Chums, \$6.40.

The Government has requisitioned the entire pack of Reds.

Federal Food Administrator P. R. Bradley announced this morning that the United States Food Administration at Washington had just fixed the price on this year's salmon pack of Alaska, and he had received a wire as above.

A differential of fifteen cents may be added for all grades of one pound flats. Prices on halves shall not exceed the following:

Alaska Reds, \$6.60.
Medium Reds, \$6.40.
Pinks, \$4.60.
Chums, \$4.40. All per case of four dozen. — Empire.

There was a special meeting of the town council Thursday night at which the license granted by the Secretary of the Treasury for the construction of a board walk along the water front from Front street to Stikine avenue was formally accepted. The street committee were directed to have the walk built either by contract or day labor.

Capt. A. J. Kalkins reports that while at Ft. Seward last week he saw all of the Wrangell boys. He says they are all in prime condition and look like they are hungry for a scrap.

MAKE ATTEMPT TO BURN PLANT AT WATERFALL

KETCHIKAN — Another attempt to burn the Waterfall cannery on the West Coast of Prince of Wales Island was made at 3 a. m. Sunday morning.

The night watchman found a man upstairs in the cannery with a bucket of tar. The stranger blinded the watchman with a flashlight, then opened fire on him.

Several shots were exchanged. The man escaped.

A good description has been furnished and his arrest is looked for.

E. J. La Bounty who has resided in Wrangell for several years has resigned his position with the City Meat Market and will leave on the Jefferson for Juneau. Mr. La Bounty has a host of friends here. He has been active in lodge work and will be missed in fraternal circles.

Mrs. W. H. Lewis, Mrs. Henry Hull and children and Miss Helen Fletcher went south Thursday night on the Sophia. They will visit Camp Lewis and friends in various Sound cities before returning.

Mr. and Mrs. T. B. Wombwell came down from Telegraph Creek on the Hazel B III Friday. Mr. Wombwell made the trip up the Stikine to inspect Hudson Bay posts.

John C. Simpson and Richard Inkster brought an insane Indian, "Iron" down from Telegraph, B. C. last Friday. The Princess Sophia having gone south the previous evening, they left on the Jefferson for Seattle from which place they went to New Westminster where the demented man will be cared for.

B. Y. Grant will be in charge of the Drift Inn during the absence of Ned Lemieux.

A GOOD SHOWING

No Wrangell Registrants In the Idle or Non Productive Occupation Class

A recent report made by the local draft board discloses the following interesting information:

Out of twenty-eight registrants, sixteen whites and one negro were passed and accepted in class 1; three were called recently; one qualified for limited military service; one was placed in group B for physical disability; two were delinquent, and three not physically fit for service. There were no registrants in the idle or non-productive occupation class. Twelve out of the 1917 registration have already enlisted. Six are neutral declarants.

According to information received by Local Board No. 8, registrants qualified for limited military service may be inducted for service in office work, to help local boards. Registrants in the deferred class who waive deferred classification may also be inducted for such work. If the new draft age bill becomes a law, which seems a certainty, local boards will receive an added amount of work and this help will be necessary.

The following passengers left for Seattle Monday night on the Spokane: Mr. and Mrs. Giles Hulsman, Mr. and Mrs. T. Green, Ben Larson, Lars Leknes, Robt. Stroble, Joe Stroble, Carl Wack, Rafael Lecas, Robt. Brown, N. S. Louis, A. C. Vicart, F. Graves and Lloyd White. There were also a number of second class passengers for Ketchikan and Seattle.

All finished knitted articles are requested to be delivered at the town hall this week on Friday afternoon as the local chapter A. R. C. will send a shipment on the southbound City of Seattle.

M. B. Leming who was here recently on business connected with the Wrangell Townsite has been appointed to take charge of the Fairbanks Land Office in place of Nelson O. Brigham, resigned.

A number of the natives who have been employed in the Petersburg canneries during the summer returned home Monday. The Petersburg canneries have enjoyed a good season.

H. W. Gartley had the misfortune to bruise his ankle about ten days ago and the injured member has given him sufficient trouble during the past week to necessitate the use of a cane.

Will Taylor, son of Mr. and Mrs. Wm. Taylor, went south to enlist in the navy last week. Another son, Laurence, has been in the naval service for some time.

Mrs. O. C. Palmer entertained a few friends last Thursday afternoon at a knitting party for Mrs. L. C. Bennett who leaves for San Diego, California early next month.

Mrs. Sam Allen and son, Cecil, came over from Petersburg on the Spokane Monday evening for a few days' stay in Wrangell.

Mrs. J. F. Maloney and J. F. Maloney, Jr., of Juneau, registered at the Wrangell hotel Saturday and went south on the Spokane Monday.

Mrs. C. H. Upton and daughter returned to Wrangell Monday after a trip north on the Spokane.

Capt. A. J. Kalkins has resigned as master of the Murre.

THE FIRST TRIP TO HEADWATERS OF THE TAKU

[Juneau Empire]

A new speed boat built for E. P. Pond for Taku river navigation will make the first trip that has ever been made by a power boat to the headwaters of the Taku river, a distance of 60 miles from the mouth, to meet A. L. Caruthers, divisional engineer of the Public Works Department for British Columbia, and F. H. Mobley, of the British Columbia Parliament, who are coming overland from Atlin, and who will return to Juneau with Mr. Pond.

The new boat was built at the "Canyon" on the Taku by H. Shangle after plans drawn by Captain William Strong of the river steamer Cassiar. The boat is 40 feet long with a 40 h. p. Scripps engine, tunnel type, and the boat draws six inches of water when loaded. The boat was specially designed and built for negotiating the Taku river. Another boat is being fitted up by Mr. Pond for the river and next summer he expects to be in a position to take freight of prospectors and homesteaders a considerable distance up the river system. Already encouraging mineral specimens have been received from that section, including coal, and the agricultural resources have been well advertised. The purpose of the visit of the party from Atlin is to make a trip over the entire route in order to make themselves familiar with it for the proposed automobile highway from Atlin to the mouth of the Taku river. War has delayed plans for building the road, but just as soon as the war is over, they will be carried forward.

Mr. Pond will leave Juneau Sunday morning on the Murrelet to connect with his speed boat near the mouth of the river for the trip up the Taku.

"We have opened navigation on the river," said Mr. Pond today, "and our final effort has been to induce the British Columbia authorities to give consideration to the construction of a wagon road from Atlin to the river. It is expected that the report of the engineers will bring results next spring. It is to be hoped that the people of Juneau will not appear indifferent to the success of this project and that a delegation from our city will join the expedition and thereby lend support and encouragement to a successful issue," he concluded.

School will open September ninth, a week later than usual, this year owing to the repairs that are being made to the interior of the school building. These repairs were very necessary from a sanitary standpoint and will improve the arrangement greatly besides eliminating considerable wasted space. Besides the alterations, two rooms have been painted and new blackboards will be installed throughout the school.

Mrs. G. E. Ayers, Miss Margaret Ayers and Russell Ayers took passage for Seattle on the Spokane Monday night. Miss Ayers will proceed to Illinois where she will teach during the winter. Russell Ayers will attend the Franklin High school in Seattle.

Mrs. G. H. Tozier and children returned last week from a visit to Sulzer.

A MORE PERFECT PEACE.

Sherman's oft quoted definition
is not the only thing this Civil
War general said about war. He
also said that "the legitimate pur-
pose of war is a more perfect
peace."

This is the sole purpose of
America's present war against
the Hun. A more perfect peace
alone will justify the terrible suf-
fering and sacrifices war has
brought the Allies these four years
and which it is just now beginning
to bring to us.

There can be no compromise,
no premature peace. It must not
be a peace but the peace. There
is a sharp line dividing autocracy
and democracy. They cannot both
continue in this world.

Every American who is eating
more today than is necessary to
maintain life and health, or who
refuses to carry out the changing
needs of the Food Administra-
tion's program, is working a-
gainst America and for Germany
in this war.—Official Bulletin.

SLOW DOWN ON GRAPE FRUIT TO SAVE SUGAR

One of Juneau's leading restau-
rant proprietors stated yesterday
that if the public would let up in
its consumption of grape fruit for
a short period, a vast amount of
sugar could be saved. "I am con-
fident that as much as one bowl
of sugar is consumed in serving
two grape fruit," he said.

Mr. Sappy, I couldn't think of marry-
ing a man who did nothing.—Boston
Transcript.

Ten presidents of the United States
have been elected twice—Washington,
Jefferson, Madison, Monroe, Jackson,
Lincoln, Grant, Cleveland, McKinley
and Wilson.

The color of the French flag was
changed in 1124, when Louis the Fat
carried the red oriflamme of St. Denis
in his contests with Henry V., the Ger-
man emperor.

The maritime provinces of Canada—
Nova Scotia, New Brunswick and
Prince Edward Island—have a com-
bined area of 51,500 square miles and
a population of 837,955.

Azrael, which means in Hebrew "the
help of God," is the Jewish and Mo-
hammedan mythology was the name of
an angel that watches over the dying
and separates the soul from the body.

The first historic mention of Rome in
the Bible is in Maccabees i, 10. About
101 B. C. Judas Maccabeus heard of
the Romans as the conqueror of Philip,
Perseus and Antiochus (I Maccabees
viii, 5, 6).

A peculiar sensitiveness to lightning
has been noted in fishes. In several
cases trout and other fishes in tanks
and pools have died from the effects
of lightning, which, however, was a
considerable distance away.

Macedonia was the first part of Eu-
rope which received the gospel direct
from St. Paul. The account of this
journey through Macedonia (Acts xvi,
10; xvii, 15) is marked by copious de-
tail and well defined incident.

The Sequoia and General Grant na-
tional parks, in California, contain
many of the famous "big trees" (Se-
quoia gigantea), which grow to a height
of 300 feet, with a diameter of thirty
feet, the bark being two feet thick.

Corn mills are often mentioned in
the Bible. The original corn mill much
resembled the modern druggist's pec-
tie. Moses forbade corn mills to be
taken in pawn, for that, he thought,
was like taking a man's life in pledge.

The standard size for socks and
the only size for which directions
are given out has a foot from
eleven to eleven and a half inches
long. At least nine-tenths of the
socks turned in should be that
size, but a few larger and smaller
ones should be accepted. Nothing
shorter in the foot than a full ten
inches should be sent nor one
longer than 13 inches. Moreover
the socks should be well propor-
tioned, i. e., they should not be
larger than the standard in one
place and smaller in another.
Measurements should always be
made with a ruler and not a tape
measure.

THE SUGAR SHORTAGE IS SERIOUS

Food Administration Has Found
it Necessary to Put Country
on a Card Ration System.

F. E. Bronson, local food administrator, on last Saturday received a copy of the official order placing the country on a card ration system in so far as sugar is concerned. Mr. Bronson received in the same mail a supply of sugar ration cards.

Two pounds per person per month is the American ration. No merchant is permitted to sell a pound of sugar to any person who is without a ration card.

Food Administrator Bronson will issue food ration cards to any one who applies for the same. The ration card entitles the holder to purchase two pounds of sugar per month for each member of his family.

When a merchant makes a sale of sugar he must limit the quantity to the number of pounds called for on the ration card, and make an endorsement on the back of the card showing the date of the sale, the dealer's name, and the quantity sold. After a customer has bought his allowance of sugar, no merchant will honor the ration card again during the month in which the purchase was made.

The sugar situation is serious. Before the war the Allied nations drew virtually no sugar from the sources of American supply. Now about one-third of the sugar from these sources is going to the Allies. No good American is going to object to the card ration system for sugar at a time when the lives of our young men and those of our allies are being sacrificed upon the gory battlefields, and when a little patriotism and economy on our part will help to relieve the situation.

Alaska's Federal Food Administration earnestly asks every Alaskan to "make one spoon of sugar do the work of two every day until the war is through."

GREAT DEMAND FOR NURSES

The United States Army and Navy have asked for 37,500 registered trained nurses by July 1, 1919 for the care of wounded and sick soldiers and sailors.

This will take one-half of the present skilled nursing forces of the United States. The effect of this upon the public health will be disastrous unless a large number of women enlist in the public health service and begin training at once.

Every well-educated young woman who is interested in dealing with the many problems in this field, is urged to enter one of the training schools for nurses where she will get a firm foundation for future work while at the same time entering as a student nurse on the serious nursing work of the country.

An appeal is also made for private duty nurses, who, on account of family ties or some other reason, cannot join the Red Cross nursing service for military duty, are urged to consider most seriously the needs of the home service in the public health field. The call is imperative.

Begin at once your serious nursing work in a training school for nurses. Apply to the Council of National Defense, Nursing Committee, Washington, D. C.

Two dozen sets of sock knitting needles have been received by the Wrangell chapter. Anyone desiring a set, call at the Red Cross Friday afternoon.

PETERSBURG IS NOT PRO-GERMAN

Editor Perkins Challenges
Certain Statements Alleged
to Have Been Made by
Assistant District At-
torney Steve Ragan

(Petersburg Report.)

A vicious libel on the good name of the town of Petersburg has been uttered and spread broadcast by one of the leading officials of the Department of Justice in the First Division, according to the story published in the Alaska Daily Dispatch, of the issue of August 6th. Petersburg has been branded as a "hotbed of pro-Germanism" and the statement as published intimated that the red light district was closed as result of pro-German activities.

Assistant District Attorney Steve Ragan is credited by the Dispatch with having made the statements against the good name of Petersburg.

This statement is far from the truth and is hotly resented by all loyal residents, and they are legion, of this community. Petersburg will stand on her record and she is proud of it. Petersburg was the first city in Alaska to double her quota for the Third Liberty Loan and also trebled her share of the Red Cross War Fund. Deputy Marshal Noah Howell has been investigating reports of pro-German activities in this place and has stated to the members of the city council that he is willing to make affidavit that there are practically no pro-German activities here.

After making extensive investigations the only pro-German activities found here by Marshal Howell consisted of a few remarks made by three men while in one of the houses in the red light district. A full report of these facts has been forwarded to the proper officials. Under the law it is classed as "sedition" for any person to utter or publish anything tending to detract from the respect and dignity of Government officials. There should be some law which would make it a crime for these same officers to brand an entire community as pro-German because one or two have leanings that way.

The red light district here was closed as the result of a petition of the citizens and was the direct result of the shooting of Mrs. Nelson at Scow Bay some time ago. That the district was closed on account of pro-German activities as intimated is untrue. If Mr. Ragan has any evidence or any suspicion of pro-German activities here he should step forward with the proof and bring the guilty parties to justice. If he will do that, the town of Petersburg will be with him almost to a man.

The Petersburg City Council, as the representative body of the town have adopted resolutions of protest against the action of Mr. Ragan and copies of the resolution will be forwarded to the higher authorities with recommendations that action be taken to stop further mis-statements of this kind.

And Still the Priest Wasn't Satisfied

Margaret had a dear friend, a good young man but not ponderously learned, whom she had converted to the Faith. Coming therefore to the priest, the pious but not over-erudite young man announced his desire to become a Catholic. In response to a question put to him, he assured Father Finnbar that he had long ago been validly baptized. "How do you know you have been baptized?" "Because," answered the catechumen, "I've got the marks on my arm."

Don't forget that a member of the Red Cross will be at the City Hall every Friday between two and four o'clock to receive contributions for the Red Cross.

Cessation of War Not Likely to Bring Enforced Idleness to American Labor

By CHARLES E. CARPENTER, Manufacturer, Philadelphia

THAT the industries of the nations of the warring countries have been disorganized and it is going to take a very large amount of time to reorganize is undoubtedly true.

THIS IS GOING TO RELIEVE THE INDUSTRIES OF THE UNITED STATES FROM COMPETITION OF FOREIGN COUNTRIES FOR A CONSIDERABLE PERIOD AFTER THE WAR.

It is going to be in a measure an artificial tariff, and I cannot see how that is going to enforce great idleness in America.

There is only one thing that can make for hard times, and that is to take from the working class their purchasing power, and while that may come in spots and will come in spots in the readjustment, while there may be temporary general conditions of dull times due to clumsiness of the readjustment machinery, I HAVE YET TO SEE A SOUND ARGUMENT PRESENTED WHICH WOULD LEAD ME TO BELIEVE THAT THERE IS ANY LONG PERIOD OF ENFORCED IDLENESS OF LABOR AHEAD.

There are too many who confuse the tumbling of the stock market and the lowering of the price of raw materials as indicative of commercial depression, when, as a matter of fact, commerce thrives better when there is the least amount of capital deflected from productive enterprises to stock gambling and when raw materials are at a point which will enable the consumer to purchase the greatest quantity of finished product for the dollar.

Foreign Trade Offers a Splendid Opportunity to Small Manufacturers

By E. M. HERR, Head of Westinghouse Company

THE small manufacturer has an excellent chance and his participation is essential to the extension of American business abroad, and one of the things that is going to make it possible for him to claim that share is the opening abroad of American branch banks. THESE BANKS WILL SUPPLY HIM WITH DEFINITE CREDIT INFORMATION AND HELP HIM LOOK AFTER HIS CREDITS AS NO OTHER AGENCY COULD.

One point that should have close consideration by the small manufacturer is the adoption of efficiency methods that will enable him to compete with foreign producers. We can only contend with them by giving prices and values that are equal or better.

EFFICIENCY SHOULD BE THE WATCHWORD WITH EVERY BUSINESS MAN AND PARTICULARLY THOSE WHO HOPE TO WIN A FOREIGN CLIENTELE.

The man with a reasonable amount of capital who wishes to extend his business by foreign expansion has every justification for believing it to be a good enterprise. Changed world conditions have brought us such a chance as we never had before, and it is our opportunity to make good.
